ANSWER BELOW MENTIONED QUESTIONS WITH REGARD TO PHOTO 1

1. Based on the EXIF data, when was the picture taken?
2. On what device was the picture taken?
3. Was the picture taken with the front camera lens or the back camera lens?
4. What were the GPS coordinates of the camera/phone, when the picture was taken?
5. In a browser open http://www.google.com/maps and determine the location of the coordinates.

ANSWER BELOW MENTIONED QUESTIONS WITH REGARD TO PHOTO 2

6. When was photo2.jpg taken based on the EXIF data?
7. Where was the camera located when photo2.jpg was taken based on the EXIF data?
8. Are there any indicators in the EXIF data, which suggest the picture or EXIF data in photo2.jpg were manipulated by a third-party tool?

ANSWER BELOW MENTIONED QUESTIONS WITH REGARD TO PHOTO 3

9. When was photo3.jpg taken based on the EXIF data?
10. Where was the camera located when photo3.jpg was taken based on the EXIF data?
11. Are there any indicators in the EXIF data, which suggest the picture or EXIF data in photo3.jpg were manipulated by a third-party tool?

ANSWER BELOW MENTIONED QUESTIONS WITH REGARD TO PHOTO 4

12. When was photo4.jpg taken based on the EXIF data?
13. Where was the camera located when photo4.jpg was taken based on the EXIF data?

14. Are there any indicators in the EXIF data, which suggest the picture or EXIF data in photo4.jpg were manipulated by a third-party tool?

ANSWER BELOW MENTIONED QUESTIONS WITH REGARD TO PHOTO 1

15. When was photo5.jpg taken based on the EXIF data?
16. Where was the camera located when photo5.jpg was taken based on the EXIF data?
17. Are there any indicators in the EXIF data, which suggest the picture or EXIF data in photo5.jpg were manipulated by a third-party tool?
